### Welcome to Tools for Life

Tools for Life, Georgia's Assistive Technology Act Program, is dedicated to increasing access to and acquisition of assistive technology (AT) devices and services for Georgians of all ages and disabilities so they can live, learn, work and play independently and with greater freedom in communities of their choice.

Tools for Life and the TFL Network work collaboratively together to accomplish our mission through:

# Using Visual Learning Software to Create Personalized Learning Environments

# Anthony Gerke

VP Professional Services  
Monarch Teaching  
Technologies, Inc.

# What are Personalized Learning Environments?

# Why Personalized Learning Environments?

A top-down view of a child's desk. On the left, a drawing of a sun with yellow rays is partially visible. In the center, a white piece of paper has the handwritten text "Back 2 School!" and a simple smiley face drawing. To the right of the text are a green apple and a red apple. Further right is a tray filled with various colored pencils and markers. In the foreground, a child's hands are visible; one hand is holding a red pencil and drawing a large circle on a white sheet of paper. Another hand is resting on the desk. The desk surface is light-colored wood.
